

Video Worksheet

Demand

Lesson 2 *Factors Affecting Demand*

Global Demand Impact on Food Prices

Directions: Review the questions below and think about them as you watch the video. Take notes that answer these questions as the video plays.

- 1. Constructing Arguments** How does global demand for more food affect the price of corn and soybeans?

- 2. Interpreting Significance** How do bad weather and higher fuel prices affect the price of food?

- 3. Determining Cause and Effect** Food prices continue to climb, and consumer wages remain flat. What affect does this have on food purchases?
